# Experts from New Zealand visiting the Rarotonga Avana Water source and catchment areas.

# Farming is common in the catchment areas in Takuvaîne -Rarotonga

One of the water intakes in Tupapa- Rarotonga.  
Water flows directly into the distribution system.

Filtration at this intake at Tupapa was simple by use of fibre sheet through which the water passes

Mr. Ata Herman ,Secretary of Water Works during  
the opening ceremony. 14/08/06

# Participants of the Water safety Plans Training and Planning Workshop in Cook Islands .14-18 August
