

Instructions for review of the roadmap to an IWRM plan for your country

Time: 30 minutes

- * Pair up
- * Review roadmaps together looking at what steps are missing - *What is missing that your pair partner has included and is something that you need to do?*
- * Consider how your IWRM roadmap addresses:
 - . Key water issues identified in previous sessions
 - . Stakeholder involvement
 - . Strengthening the national water committee (or similar)
 - . Communications and information management
 - . Context and links to other processes/projects/initiatives
- * Put the steps in order
- * Suggest how your partner country can solve problems that they have listed (yellow post-its)
